

FI RECREATION | LEASING PROGRAM

WHY LEASING?

EASY

Cost Efficient

It is cheaper to lease than to own. This is because you do not need to pay a whole lump sum for your ideal collection of gym equipment for your facility.

Below is an estimated graph to show you the amount of money you will save if you lease a premium treadmill for a period of 5 years.

Cost Savings

**Inclusive of repairs & maintenance

\$2,000

Leasing is the lowest cost to use a piece of equipment for a designated period of time. The payments are fixed for the term and usually include total costs including sales taxes, delivery costs and routine maintenance.

Liability

You will be covered with a product and public liability insurance for up to 1 million dollars. This is to protect you against claims of personal injury or property damage caused by our equipment.

FLEXIBLE

Saves Time

More time for others priorities as there is no need to source for suppliers to repair, maintain and replace parts of equipment.

No Up Front Capital

Allows you to conserve cash for other more productive purpose.

Flexibility

Allows customer to change equipment that are not suitable within 60 days of installation. This will ensure that you get the right choice of machines.

Easy Approval

No financials or other sensitive figures required to approve finance as this is totally done in-house.

GOOD VALUE

Extended Warranty

No other cost is involved beside monthly fee as equipment is covered by a comprehensive warranty for entire term of operation lease.

Product Support Lifeguard

Includes a lifeguard maintenance contract at no additional cost to ensure optimal performance of the machines.

Easy Budgeting

Monthly payment allows you a more accurate monthly comparison between income and expenses. You will have no unplanned expenses related to equipment.

Regular Equipment Upgrade

Keep your facility fresh and keep pace with current trends and other quality facilities by having the opportunity to upgrade every 3 to 4 years.
