

INTELLI-FIT™ CONSOLE

The most comprehensive system for experiencing even the smallest improvements — down to .1 increments across a broad range of metrics. Available in French, German, Italian, Spanish (Spain), Dutch, Korean, Portuguese, Japanese, Russian, Chinese.

EASY FOR EVERYONE

SCIFIT products offer the industry's lowest starting resistance, easy accessibility, and intuitive consoles, so it's easy to get moving.

MEDICALLY ACCURATE

SCIFIT's accuracy of wattage and RPMs allows user to see consistent improvement.

INFORMATION IS POWER

Console feedback includes Watts, heart rate, time, RPM, calories, distance, level and METs.

TOUCH SCREEN

FIT-KEY® OPTION

Customizes your workout and lets you take your progress with you.
Available in the US and Canada only.

**ENGINEERED
FOR LONGEVITY.**

Seat swivels for easy entry on REX7001.

REX™ RECUMBENT ELLIPTICAL

REX's smooth, natural knee movement replicates climbing stairs to improve functional gait. Smooth, elliptical movement for efficient total body exercise in both directions.

- Knee-to-elbow core exercise
- Comfortable footbeds with safety edge
- Swivel seat for easy entry on REX7001
- Very low starting resistance
- Bi-directional exercise
- Dual-position handles allow muscle change on the fly
- Foot straps and AC adapter included on REX7001

**WE MAKE IT EASY
TO GET MOVING.**

Sturdy step and handrails for easy entry.

SXT7000 TOTAL BODY ELLIPTICAL

This whole body cross trainer provides a natural total body movement that creates a true-to-life, natural walking motion.

- Safe and easy entry with the industry's smallest footprint
- Orthopedic Bio-Flex™ footbeds improve circulation and eliminate hot spots and numbness
- Pedal movement simulates uneven surface to recruit stabilizing muscles
- Optimized torso rotation and core muscle recruitment for a weight-bearing total body workout
- Bi-directional exercise

SXT7000e² EASY ENTRY ELLIPTICAL

With its lower step and full side rails, the SXT7000e² provides easy entry for those needing extra stability. Includes all of the features of the SXT7000 plus:

- Easy entry package: medical handrails and step-up platform
- Safe and easy entry for progression to weight-bearing elliptical motion
- 50% lower step-up height
