CYBEX Total Access

Treadmill | Model 750T IFI

Features

- Multiple belt logos ensure that one logo is always completely visible at all times so that visually impaired and other users can recognise if the belt is moving.
- Raised console iconography and colour allows easy identification of the main controls both by colour, large buttons and text for older users, plus raised iconography for visually impaired users.
- Emergency stop lanyard provides safe emergency stop for users with limited upper limb function.
- Running deck and belt colour contrast. This allows users to safely differentiate between the moving and non moving parts of the treadmill from the static side rails.
